

CONTROLLED SUBSTANCE POLICY

1. The medication(s) that are prescribed to you can cause an addiction if used chronically.
2. These medications have a potential to be abused.
3. The clinic's policy is that we will not call in any narcotics at all. We will also not give any refills on these medications without the patient being evaluated in the office.
4. Patients are required to inform Alliance Family Care, LLC if they are receiving any controlled medications from any other physician(s).
5. Failure to comply with these guidelines will result in immediate discharge from this practice.
